Jahn Justifies Recreation Park

The taxpayer's million-dollar investment on the new civic center should be protected, Councilman Bob Jahn stated last week in explaining why he was for acquiring industrial land in the area for a recreation park.

He also would have initiated action to change the zone if the council had not taken action to establish a recreation park.

Mayor Albert Isen and Councilman Victor Benstead concurred with Jahn's views.

NARCOTIC WARNING ISSUED

Emergency — A word with parents! The dope peddler is seeking a new market among the teenagers!

This fact was stressed at an emergency planning meeting held May 22, and attended by 27 representatives of agencies, schools, and law enforcement bodies.

As a result, an area-wide meeting for parents to discuss the increased use of narcotics by juveniles was scheduled for Friday, June 1, at 8 p.m.

The meeting will be held at the Dapplegray School auditorium, 3011 West Palos Verdes Drive North, Rolling Hills.

Victor H. Vogel, M. D. medical officer for the United States Public Health Service and Solon D. Samuels, M. D., psychiatrist and director of the Mt. Sinai Hospital Psychiatric Clinic, will be co-speakers in a discussion of the juvenile narcotic problem and family responsibility.

Arrangements for the parents' meeting have been made by the Harbor District Mental Health Service in conjunction with the San Pedro Evening Adult School.

Additional sponsors lending support to this community wide program include: American Association of University Women, Redondo Beach and San Pedro Coordinating Councils, Harbor Area Welfare Planning Council, Harbor Welfare Conference, Los Angeles County Probation Department, South Bay Children's Health Center, San Pedro YMCA, Harbor Area YWCA and the United States Public Health Service.

Prior to the lecture, a film,

Narcotic exhibits by the Torrance Police Department and the Harbor Division of the Los Angeles Police Department will be on display from 7:39 to 2 p.m.

LINCOLN

The longest, lowest, most powerful Lincoln ever built

People who know fine cars are changing to Lincoln

More fine car buyers are changing to Lincoln this year than ever before in Lincoln's entire history—because they recognize that this longest, lowest, most powerful Lincoln of all time is unmistakably... the finest in the fine car field.

Naturally, most of these people are turning to Lincoln because of its fresh, trend-setting

new styling. But after owning Lincoln, they praise this car's other fine qualities.

They tell us—time and time again—about Lincoln's exceptional handling ease. They're surprised that such a big, roomy car can be so effortless to drive—and that wives actually prefer this Lincoln over the family's smaller car.

They tell us about Lincoln's outstanding performance, too—in dozens of ways. Those who have never experienced Turbo-Drive are astonished to find that an automatic trans-

mission can be so smooth... and those who take long trips say that this Lincoln makes the ride seem so much shorter.

And they tell us about roadability. They like the way Lincoln rides so firmly through a curve—and the freedom of taking any road they choose... instead of avoiding the bad ones.

If you've been thinking this is your kind of fine car, stop in and see us. We'll put a new Lincoln at your disposal any time you say.

If you're saving for a big event...

Where you save does make a difference

Big events like weddings are worth saving for. And as over 15 million Americans know, saving in an insured Savings and Loan Association offers important advantages.

Excellent returns from your money is one advantage.

Another is modern, efficient, forward-looking service.

And, of course, your money is safe because in insured Associations your savings are protected by sound management and substantial reserves. They are insured up to \$10,000 by the FSLIC—an agency of the U. S. Government.

These are the reasons why Americans are putting more of their savings account dollars into insured Savings and Loan Associations than anywhere else!

Whatever event you're saving for, start right now to enjoy the worthwhile advantages offered by your nearby insured Association.
